Rudolph the brave jockey LNY casual wear Elyse Knight Wyvern Master (Flame) Master Wyvern (Vacuum) is a loyal knight of the alliance. He has sworn to exterminate all demons and witches to restore peace in the world of Ulster is a melee fighter with good offensive prowess and extreme survival. The contents of the Ulster Editing Character is a miracle that matches the fighting skills of the commander's levels. He was once a kind and cheerful boy who could see beauty in others and cared for everyone, even those who were avoided. But after an accident with a witch that occurred when he was only 10 years old, he became a dangerous young man who could not fully trust or grow closer to others. Over the years, he has harboured hatred for witches. He is very careful and warned of them (except Edna). When Allister was 10 years old, he and his parents lived in a quiet and remote village. He was very well known to everyone in his village because of his gentle and cheerful personality. One day, meet a girl with the ability to control the magic of ice. Her mother abandoned her after discovering that her daughter was a witch of the whole village who avoided the girl, but with the exception of Alastair, who wanted to befriend her. He invited her to his house and over time, she became part of his family. But their happiness did not last long and although his parents promised the villagers to raise the girl properly and begged them not to report the child to the capital, the villagers could not afford to live in fear of a witch among them and one of them reported it. Shortly thereafter, the royal knights arrived and raided his house, searching for her. Allster tried to protect her, but in the end, she turned into a demon and almost killed everyone. After losing his father (as well as his friends and villagers), he felt guilty for saving her, to save a witch, instead of his village. On that day, he pledged that if he could save hundreds of lives by killing a witch, he would never hesitate to do so. Every demon was slaughtered there, so that there would be no more witches born in the world. Then he trained very hard to join the Royal Knights, to fulfill his reign.
